THE PUGET SOUND PIPE CO.

OLYMPIA, W. T.

Sole Proprietors and Exclusive Manu-

facturers of

Horton's Water Pipe and Couplings.

These pipes are suitable for either water,

oil or gas and are made to sustain a pressure

of 200 pounds to the square inch, or a gravity

head of over 50 feet. Water can be brought

from any elevation in them without leak-

age or waste. The tube is made of the best

Puget Sound pipe which, being thoroughly

seasoned, is spirally bound with strong iron

bands, suitable strength for any required

pressure. The whole exterior is then given

a coat of asphaltum, which protects the iron

from rust and the wood from insects or de-

terior. The pipe is made in 8 feet lengths and

spatially bonded and connected with iron

couplings. We manufacture this pipe in all

sizes from 2 to 12 inches. The action of the

water makes it perfectly water tight in a

few hours. In point of durability this pipe

exceeds all others. The asphaltum coating

affects a thorough and almost everlasting

protection to the iron banding against rust,

while the wood being constantly saturated

with water, will last for generations. It can

be laid for from 1 to 4 cents per foot, ac-

cording to size. It is from 1/4 to 3/8 the cost

of the standard iron pipe now in use. It

will never corrode or give the water a bad

taste, as is the case with iron; is less liable

to break, and can be sent to distant points at

1/2 the cost. City or town corporations, or

any others contemplating a system of water

supply will find it greatly to their advantage

to consult us for further information. All

work guaranteed. Send for prices and quo-

tations.

## After the Liquor Dealers.

ATLANTA, Ga., July 10.—When the retail liquor licenses expired here on June 30th several wholesale licenses were still in force, some to run three months. The Kimball House Company secured an interest in one and opened a room for the sale of liquors and beer by the quart. One other firm did likewise. To-day the police closed their places and great excitement was created. A thousand men congregated about the Kimball House to discuss the matter. Application was made for an injunction restraining the police, and a temporary order was granted for hearing on the 17th. Meantime the selling has been resumed.
